CARNIVAL WINDBREAK

LUXURY WINDBREAK THAT COMPLIMENTS ALL AWNINGS

Quick and easy to set up, the carnival windbreak gives you ample protection from the wind, while providing a little bit of privacy. Produced in our Climatech 300D fire retardant coated polyester, these windbreak will stand the tests of time. There are two models to choose from, the Standard model has four panels with two of the middle panels having tinted windows.

The Lux model is made from the same material and has four panels. There are tinted windows on all four panels, each with privacy blinds that can be zipped closed. Whilst unzipped the blinds can be rolled down and tucked into the pockets which are located underneath each window. Both windbreaks measure 460cm x 130cm and have a colour combination of light grey/dark grey. They include a set of 19mm zinc plated poles and complete with pegs and guy lines.

Great Value and Will Compliment all Awning Ranges

OPTIONAL EXTRA

- Windbreak Footplate(SL5057)

Carnival Windbreak Lux

Unique Blind Design Exclusive to Camptech Carnival Lux

Carnival Windbreak	Size
Standard(2 window without blinds)	460x130cm
Lux(4 window with blinds)	

BOSWORTH AIR WINDBREAK

The Bosworth air windbreak is made from quality 210D material supplied with three panels, additional panels can also be bought and attached as an optional extra to suit your needs. Each panel has its own inflation point and is 1.4m height and 1.65m wide with a window at the top giving you both privacy and a view, because each panel is hinged with a zip you can configure the windbreak which ever way you require.

An Additional caravan adaptor kit can be bought to attach the Bosworth air windbreak directly to the caravan .

SPECIFICATIONS

- Single Panel Sizes:
165cm Wide
140cm Height
- Material : 210D Polyester
- Colour : Black / Light Grey
- Weight :3.00kg Approximately (Single Panel)

FEATURES

- Single Inflation Points
- PVC Window Panels
- Inflation Air Frame Tube on Each Panel
- Three Panels
- Guide Lines
- Zip Attachment
- The Bosworth can be directly zipped into most camptech awnings when the side panel is removed

WINDBREAK PANEL SET

OPTIONAL EXTRA

- Caravan Adaptor Kit (SL5028)
- Extension Panel (SL521-E)

When choosing your awning it is vital that you know the size (A measurement) of your caravan. Measure your caravan from point A to point B in cm as shown in the picture. The measurement from ground to ground is the “A” measurement that can then be checked with the size chart to identify which awning size will fit your caravan.

Size	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22
A-Measurement	725-750	750-775	775-800	800-825	825-850	850-875	875-900	900-925	925-950	950-975	975-1000	1000-1025	1025-1050	1050-1075	1075-1100	1100-1125	1125-1150	1150-1175	1175-1200
